

Hot Vent #6190

The convenient Hot Tap ST is designed to deliver hot water and hot showers using the heat from your existing double burner camp stove. Easy to use! Place the heater across both stove burners, submerge powerful & compact water pump (requires 4 "D" cell batteries) in water source and ignite burners. Expect hot showers in seconds! The padded gear bag doubles as a water container. Great for RVs and family camping.

(Stove not included)
