

Hot Vent HP #9184

Our High-Performance 20,000 BTU model is the #1 pick for hunters and those with larger heating requirements. Ideal for wall tents, trailers, or use in environments of extreme cold. A solid performer and proven winner, this Hot Vent is the best choice for higher altitudes and four season camping. Sealed heat exchanger keeps dangerous gasses outside tent. Rugged case stores system between use. Fan Requires 12 volt battery.

Product# 9184
